

2023 CCToMM M³ Symposium June 19-20, 2023 Québec City, Québec, Canada

www.cctomm.ca/CCToMM2023_en.php

Call for Papers

The 2023 CCToMM Symposium on Mechanisms, Machines, and Mechatronics (2023 CCToMM M³ Symposium) will be held June 19 and 20, 2023, at Université Laval. The 2023 CCToMM Annual General Meeting will be held during the Symposium.

Paper Topics

CCToMM M³ Symposium sessions will potentially include: mechanisms, robotics, mechatronics, space robotics, medical robotics, mobile robotics, robotic tooling, dynamics of machines, gearing and transmissions, applied vibrations/acoustics, sensors and actuators, machining and metrology, control of mechanical systems. Propositions for workshops or tutorials are also accepted.

Author Guidelines

Papers should be submitted online through the paper management platform. Full papers should be submitted as single-column unsecured PDF files formatted according to the CCToMM LaTeX class or MS Word template (available at www.cctomm.ca/CCToMM2023_en.php). Full papers should not exceed 12 pages. All communications with the corresponding authors of each paper will be conducted by email or through the online submission system. Each corresponding author submitting a full paper will be requested to produce two reviews per paper submitted and at least one author is expected to register and present the paper at the symposium.

Host Organizations

- Université Laval
- CCToMM – Canadian Committee for the Theory of Machines and Mechanisms
- IFTToMM – International Federation for the Promotion of Mechanism and Machine Science

Symposium Co-Chairs

Prof. Clément Gosselin, Université Laval
Prof. Philippe Cardou, Université Laval
Prof. Scott Nokleby, Ontario Tech University

Organizing Committee

Prof. Marc Arsenault, Laurentian University
Prof. Lionel Birglen, Polytechnique Montréal
Prof. Eric Lanteigne, University of Ottawa

Important Dates

February 24, 2023	Full paper submission
March 31, 2023	Manuscript reviews
April 14, 2023	Notice of decision
April 28, 2023	Submission of camera ready manuscripts

Venue

The conference will be held at Université Laval.

Financial support is available through the CCToMM Student Delegates Awards to assist students wishing to present their work at the symposium (more information available at the symposium's website).
